To be flown in 5 one-hour rounds beginning at 9:00 a.m.
Picnic and awards to follow.

June 7th, 1998 Late spring Meet -AA- CD Don Monson 612-457-2321

A Gas	Mulvihill	Coupe d' Hiver
BCD Gas	1.5X Bostonian	Catapult Glider
Nostalgia Gas (9sec.)	.020 Replica	Embryo
Endurance		
Junior Event		

DENNY'S THOUGHTS & INSIGHTS

As this is being written, not on a PC, it's the middle of April with less than a month before the 1998 summer contest season starts. If you're like me, you're just putting the finishing touches on a new model. In my case a A-B gas "Firebird," for a MVVS.15 and O.S. Max DF .25, as they say, it should smoke. Had grandiose ideas about two more planes by this time but you know how that goes. A 1/2A Geef is next, hopefully ready for the Nats. The 1/2A Geef is the NFFS event for NOS Gas this year. Plans available from: NFFS Plan Service, 203 Chevro Lane, Bellevue, NE 68005. (As reported in the last newsletter, there are size and material changes.)

At MMAC meeting there's been discussion about how to handle "estate auctions." Generally we've just auctioned the modeler's stuff and passed the proceeds on to the family. After this, May 1998, MMAC will receive 25% of the proceeds to offset the cost to members of going through all the modeler's stuff and getting it ready for auction.

I have found a need for mounting screws with button socket cap screw with allen head 4/40x1/4, 5/8, 3/4 lengths. So if anybody is interested, give me a call.

Once again the order form for the jackets is enclosed $40.00, and a form for ordering the video of the 1940's Plymouth Internats and other Minnesota meets, about 54 min., $10.00. Make checks out to yours truly. The club has already made $40.00 from the sale of this video. And a thanks to Ted W. Lazlo and his son for the original video, and Bill Billett for the 16mm film.

Bob & Ruthie Oppegaard are moving to Arizona, we wish you health, peace and happiness.

The April meeting was held at the Polar Museum at the Anoka County Airport. Beautiful World War II aircraft. We had a tour guide, Craig Shiller, who is a mechanic and a pilot of these old planes. There was a Mitchell B-25, a P-38 Lockheed Lightning and a lot more. The hours are 10 AM to 5 PM Wednesday through Sunday, admission from $5.00 to $4.00, $10.00 per family. Info 786-5004.

Here's up to the minute news on the Cox/Estes availabilities. the TD.020 has been discontinued! The following engines are in production:

- Standard production .049
- TD .049, RPM within 400 of old version
- Texaco .049 & 4cc Jr. tank kit #7858
- Black Widow .049
- Baby Bee w/8cc tank
- TD .010
- Killer Bee .049
- Pee-Wee .020
- TD .09

To voice your displeasure over the discontinued TD .020 call (800) 451-0339 and ask for Dave Draper or send a letter to Barry Tunick, President, Cox/Estes, 1295 H Street, Penrose, CO 81240-9698.

On the aforementioned "A-B" Firebird, I've applied a new epoxy called Tenaco. It brushes on beautifully with high gloss, looks great. Base coats were Randolph's nitrate. I'll let you all know how it holds under all conditions. Available from Viking Paints Inc., 100 West 78th St., Richfield, MN 55423, 612-866-1212. Cost is about $15.00 parts A-B quarts and a quart of thinner is $3.50. Also available in colors.

The mailing for solicitations went out to distributors and manufacturers of modeling supplies about two weeks ago. Already the response has been very good. Discount certificates and free flight supplies of all kinds. The list of last year's contributors are included in this newsletter.

All we hear about is how to entice juniors into free flight and the MMAC. It's been said that the seed planted in the youth may not bear fruit now, but will come to fruition in later years. MMAC has had more new members in the last year than possibly in the last 15 year.

See ya at the field.

MMAC MINUTES FOR THE MARCH 6TH 1998 MEETING

The meeting was called to order at 20:05 by president Denny Sussman.
Members in attendance------16

The minutes for the February meeting were approved as published in the newsletter.
The treasurers report was read and approved.

CORRESPONDENCE:
A letter from John Fredricson with his warplanes scale series offer was read.
Dave Braun offered his back issues of Model Aviation to anyone who was interested.

OLD BUSINESS:
The video tapes of the club in the 40's is still available from Denny.
Order forms for the club jackets is in the newsletter--order yours now.
The solicitations we received from Mfg's for our contest prizes, will appear in the next newsletter.
If anyone needs a map of the new field, contact Denny Sussman.
Gary Oakins and Jack O'Leary will map Hentges sod field for practice flying.Jack will also talk to the school to see if they want the ceiling tiles replaced as we have done in the past.
The next meeting will be at Polar Aviation at Anoka Co. Airport.

NEW BUSINESS:
There was a discussion on what we could do for Loren Hentges for his years of kindness and generosity toward the club.
There was a discussion on how to handle a deceased members suvivors request to auction off their modeling materials. Gary Oakins made a motion that we charge 20% for taking care of them unless more is offered.
It was also recommened that members consider leaving a list of his model material in his will.
The secretary will write up some ideas for a future meeting.
Don Patterson discussed ways of reducing the number of newsletters we send out.
Jack O'Leary made a motion that Don Patterson summit a bill for all the money he has spent on materials in the clubs operation.

MEETING ADJOURNED AT 21:05
The raffle was won by Tim Johnson-- It was a 1/2A Maverick.

SHOW AND TELL:
Herm Fessler showed his Jimmy Allen Skyraider (nice job)
Greg Thomas showed his Zippy Sport---He will sell you a kit.

DB for HL

SORRY THESE MINUTES ARE LATE, I WAS OUT OF TOWN AND DON BERGGREN TOOK THE MINUTES FOR ME. WHEN I G@T HOME I CUT MY FINGERS ON MY TABLE SAW. IT HASN"T BEEN A GOOD MONTH SO FAR.

HANK

MMAC MINUTES FOR THE APRIL 3rd MEETING, 1998

The April meeting was held in the Polar Aviation Museum at the Anoka County Airport. About 22 members and friends gathered at 19:30 in the entrance room which was filled with books, videos. posters and pictures of aircraft from the past and the present. From there, we entered the first hangar,where a Seabee was on display, along with a N3N Navy trainer which looked like it just came off the assembly line. PERFECT!

We then moved to the new, bigger hangar which is much bigger. There our guide, Craig Shiller, started the main tour. There was too much to see to put it all in these minutes! Engines like the Liberty from World War I to the big 4360's. There were several experimental models from other countries also. The hangar has aircraft of all sizes, DC-3, P-38, Hawker Sea Fury TBM, AT6, Twin Beech, Chipmunk. and many more, some beautiful and some really ugly. After looking at aircraft, there were several cars and military vehicles to examine.

The tour took a recess around 21:00, and Denny Sussman held a short meeting next to the DC-3. The March minutes were approved as read, along with the Treasurer's Report. Everyone signed a card for Bob and Ruth Oppegard. They are moving out of state. Don Patterson had copies of the latest Cottage Wings. A letter from Barrie Taylor regarding the contest in Winnipeg on May 2nd was passed around. Denny gave a report on Mike Spiess and family who experienced the tornado that went through St. Peter. They lost their garage and some roof shingles from their house, but no one in the family was hurt. Mike said that all their models were destroyed, and they will have to start all over.

The May 1st meeting will be back at the Donaldson Company. The meeting adjourned at 19:35. Everyone moved to the entryway where John Watkins showed his latest AME powered model. There was no raffle.

HANK L.

Dear Joe
One of your previous letters you inquired about the RONY TUBES i was using on my HLG's and i thought they had gone out of bussiness. I've just come across an ad in AERO MODELLER mag. and it states the following adress:

RONY TUBE
23 Ivy Road
New Castle Upon Tyne
NE64PU
England
Ph: 0191-262-3735

It does not give a price for the list so send afew bucks to cover postage.

regards
Barrie

Say What??

Musings from the editor...

- **Practice field...**For those of you who are reluctant to drive to the new contest field, Eldon Hentges has graciously agreed to let us fly off his sod farm. Although to small for a full blown contest site it's just about right for trimming or practice and much closer. Take hwy. 65 north to Constance Blvd., N.E.. Travel east on Constance 3.1 miles. On the north side of the road look for a mailbox with no name but the numbers "4135". Turn left (north) on this dirt road and travel a half mile or so and you'll come upon the sod farm. Be sure to thank Eldon if you see him!
- **Special thanks...**to Treasurer Don Patterson for the untiring computer work involved in putting out this rag. He's responsible for the membership list enclosed in this issue along with the mailing labels needed bi-monthly and of course keeping tabs on the club's $. Many "Atta Boys" due here.
- **Congratulations...**and kudos to "Indoor" champions Eric Sears in Junior and Aaron Peterson in Open. Although Jorge Triana gave Aaron a hard fight right to the end, Eric had a decided edge over the other Juniors. My admiration to all those Juniors who competed and hope to see some of you at the outdoor contests this summer.
- **Got a call...**from Terry Taylor recently calling my attention to the "results" of the King Orange International contest in Florida this past winter as published in the NFFS Digest. Seems one of our members, Dick Bloomquist, kicked some big time butt down there...check this out...2nd in A Gas, 2nd in B Gas, 2nd in C Gas and 1st in D Gas. Nice flyin' Dick! Dick tells me that he and Clyde White drove down together and had a "good time" together, whatever that means... hmmmm. Further perusal of that same results sheet reveals the name of Andy Ringlien at 3rd in Open Hand Launch Glider and 3rd in F1G (Coupe d' Hiver). Terry says that this is, indeed, brother of member Jeff and son of Warren from Northfield Mn. Apparently Andy now lives down in Georgia (or was it Florida?) so next time you talk to him Warren, please send our congrats.
- **See Ya,**

Indoor Supplies

Dear Herb, my winders are still $15·00 each including post & packing, they are known as the English yellow winder, available in 15:1 10:1 5:1, they are cheaper than the sig winders & much stronger, they are made of industrial plastic, if you want to order please send $ cash, order 5 or more and I will supply them for $14·50 each including post & packing, Looking forward to meeting you again in Slanic

best regards
