HAVING FUN WITH MODEL AIRPLANES SINCE 1934 Vol-27 No 2 Feb 2022

COVER: Bob Hanford sending another model toward a max at the 2022 SouthWest Regionals. Photo by Alan Peterson

Covid got me just in time to keep me away from the SouthWest Regional Contest. I was just ending my sysptoms but I did not want to risk being an infection source to any of the contest attendees, I really missed seeing and talking to many of you. Next year. Many thanks to those who have shared their photographs so I can keep the visual content focus of the newsletter. Thanks so much. editor

Next Eloy Contest — Feb 20, 2022

Contest Start Time: 8:00 am

Prez Speaks

We just had a very successful Southwest Regionals contest. When you look at the pictures, you can see how many people were at the field and all the flying that occurred. Everyone should realize that for a contest this size, score cards should be brought to the CD table after each flight. Contestants, especially our out-of-town guests, want to see how they are doing against the competition in that event. Delaying the reporting of scores affects other flyer's planning and makes it difficult for the CD, especially at the end of the day's flying.

It is time for PMAC's annual business meeting. Due to covid (several members have been affected, luckily not seriously), this will be done by a Zoom meeting in the near future. You will be notified by email when the meeting will occur.

Our next club contest will be the President's Cup on February 20th, Richard Adams will be the CD. See you there!

Tom

Lost Keys at SWR

Mike McKeever lost a set of trailer keys at this years SWR…if anyone finds them let him know…probably 6-7 keys…with purple main door key…maybe on Audi key chain…thanks"

Mike's 5th-wheel trailer was bit North from the CD tables. Mike flew F1A and F1J and his keys could be anywhere on the field or even in the East field.

Mike Valerie McKeever vamckeever@aol.com

2022 SWR AMA/NFFS/FAC CD Report

This year's Southwest Regionals was a great success. Except for some wind Saturday afternoon, the weather was perfect! We had thirty-five entrants from ten states flying forty events including five mass launches. There were also FAI and SAM RC events being flown separately on Webster West Field.

On Saturday, due to the excellent morning weather, many maxes were scored. The greatest participation was in E-36, AB Classic Gas, P-30, and Hand Launched Glider. George Morris took first place in E-36 and AB Classic Gas, while Don Bartick won P-30. Tim Batiuk took first place in Hand Launched Glider.

On Sunday, Catapult Glider was by far the most popular event, with fourteen entries. Tim Batiuk won the event which will result in an AMA record application. Small Rubber Stick was the second most popular event and the winner was Richard Adams.

Monday's most popular events were Jet Catapult, Electric A and B, and E-20. Jet Catapult has become a popular event among many contestants, mainly because it is so much fun. It is easy to add a Jet Cat to your collection of models. Don DeLoach won the event with an LA-150 model. Over the last couple of years electric models have become very popular. Jack Murphy won Electric A and Alan Mecham won Electric B. George Morris won E-20 and this will also result in another AMA record application.

A number of records have been set at Webster West Field as a result of the fine flying weather we usually have here in southern Arizona, especially during the winter months.

Tom Gaylor, CD

The 2022 FAI Southwest Regionals Model Airplane Championships

The first America's Cup contest of 2022, the FAI SWR, was held on January 15 and 16 at Eloy, Arizona.
The Covid-19 pandemic caused the entry numbers to be down compared to previous years. We still had 28 competitors flying in the 8 FAI events. The contestants were from AZ, CA, CO, NV, OK, OR, PA, TX, and UT. We had 4 ladies flying FAI events, Julie Parker (F1Q, F1S), Janna Van Nest (F1S), Tiffaney O'Dell (F1G) and Jasminka Pecenkovic (F1A). Ron Felix (F1B) traveled the farthest from Pennsylvania.
On Friday the weather was still good but the forecast for Saturday (F1A to F1Q) showed winds already early to be up to 20mph. On Saturday the temperature in the morning was 37°F (3°C) but then warmed up to about 70°F (21°C) with mostly overcast skies, but the ENE wind speed was only 0 to 6 mph (3m/s) during the first 3 rounds. Then in the 4th round the wind suddenly became very turbulent and then became stronger. In this 4th round more than half of the F1A fliers dropped their flight! The 5th round was delayed and then stopped as the E wind was above 15 mph (7m/s). At 3:00 pm the fly-offs for F1A and F1B started from the far East field. A 2nd fly-off was held at 4:45 and only for F1B a 3rd fly-off on Sunday morning for 10 minutes with perfect conditions. The weather on Sunday for F1G to F1S was good with temperatures from 44°F (7°C) in the morning to 73°F (23°C) during the day and wind speeds from 0 to 4 mph (2m/s). The fly-offs for F1G, F1H, F1J and F1S had very low thermal activity and were all decided in the 1st round.
On Saturday F1Q was won by Jack Murphy with Julie Parker in 2nd. Combined F1C/P had 3 entries with Faust Parker (F1C) maxing out, Bob Hanford (F1P) in 2nd place and Glenn Schneider (F1P) in 3rd. F1A had 9 flying. After 4 rounds there were only 3 maxed out. 2 made the 6-minute fly-off in the strong wind. Shlomi Rosenzweig and Mike McKeever then did a second F1A fly-off which Shlomi won for 1st place, Mike was 2nd and Jasminka Pecenkovic was then 3rd. F1B had 5 flyers of which all maxed out through the 2nd fly-off round! The early Sunday morning 3rd fly-off was won by Blake Jensen with 8 minutes and 41 seconds for 1st place, Jerry Fitch was 2nd and Walt Ghio was in 3rd place.
On Sunday we flew F1G, F1H, F1J and F1S in 5 rounds. F1G had 5 fliers with 2 maxing out. Tiffaney won the F1G Bear trophy by maxing the fly-off with Peter Brocks in 2nd and Don DeLoach in 3rd place. In F1H we had 4 participants. Here Blake Jensen won the F1H Bear maxing in the fly-off round with Ken Bauer coming in 2nd and Jim Parker in 3rd place. 4 participated in F1J. Mike McKeever maxed in the fly-off winning the F1J Bear. Glenn Schneider was 2nd in F1J and Faust Parker came into 3rd place. In F1S, the small electric event, we had 10 competitors flying with 4 maxing out after 5 rounds. The F1S fly-off to make 2 minutes on a 5 second motor run was quickly decided. George Morris was the only one making 120s to win the F1S Bear trophy. Jack Murphy was 2nd and Larry Norvall 3rd.
Jerry Fitch ran the F1G fly-off and Don DeLoach ran the F1S fly-off, thanks a lot for your help.
A big thank you to all participants and to Mike Fruciano, Tom Gaylor and my wife Brigitte who all made this contest a memorable event.

Peter Brocks, CD
