****For national cup points, junior AMA & Classic 1/2A Gas are combined*** ***Contest End times May & Sept = 2:00 pm***

Heat Related Illness

Caution Flags.
These should be obvious. Be alert to these warning signals:
• Environmental temperature s greater that 90 F (inhibit normal transfer of excess body heat).
• Humidity greater than 60% (impedes evaporation of sweat and its related cooling effect).
• Poor conditioning and acclimatization.
• Occlusive clothing that insulates the body and impedes sweat evaporation.
• Pre-existing dehydration due to low fluid intake or medication.
• Diuretics leading to depleted body water (this doesn't imply discontinuing diuretics.)
• Overly strenuous physical activity (most are aware of this but tend to push on).

Summary. Common sense and good judgment are key words to prevention of heat illness. Observe the following rules, on and off the flying field:
• Heat-related illnesses usually occur on the first day or two of a heat wave or extended outing before acclimatization has occurred.
• Know your physical limits-function with them.
• Drink more than adequate fluids, regularly and throughout the day.
• Model retrieval chases should be motorized, not on foot or alone, if at all possible.
• Ingest fluids freely while on chases.
• Use cell phones or 2-way radios to maintain communications with someone at the launch site; make certain others are aware of your location.
• Stay out of the sun when possible.

[**Warning Signal:** When you are in the summer heat, keep a check on how often you are feeling the call of nature. If you go more than a couple of hours, you are likely behind on your water intake.-Ed.]

Dr. Bob Perkins, Columbus OH, Chair NFFS Competitions Committee

Newsletter editor ----------	Bruce Grawburg bgfalcon89@cox.net
Webmaster ----------	Alan Petersen alan@apetersenpaintings.com

Our fall season is about to begin. Because of a strong Pacific El Nino the weather this fall has turned humid and rainy. We will have to check the condition of Webster West for September 20th. Rich Adams will be the CD.

Peter Brocks and I will CD the AZFF Championships on December 5th and 6th. The flyer for this contest has been distributed and is attached to this newsletter. Pre-registrations are encouraged. The sign-up sheets are part of the flyer; for FAI events just circle your desired events.

Rich Adams and the Southwest Regionals board have begun planning for the 2027 contest. Details are on the swregionals.org website. Be sure to look this website over as it has the only correct information about the event, other websites do not! Last year some contestants got incorrect information about the event listings and came unprepared. There will be separate tables for AMA/NFFS/FAC, FAI, and SAM to minimize administrative delays and speed up flying. Last year's contest was well attended with lots of flying!

See you on the 20th!.

Tom

FAC Jet Catapult Scale
HLG Mass Launch (5:30 p.m.)

Monday 9/7 8 a.m. – 3 p.m.
Dawn Power: 7:30 a.m. launch
AMA AB Classic Gas
AMA 1/2A | 1/2A Classic combo
ABC Nost. Gas | E-Nos combo
AMA E-36
AMA P-30
AMA Catapult Glider
SAM Large O.T. | Large Nos. Rubber combo

May be flown any/all of the three days (need not finish on day started): FAC Peanut Scale, FAC Rubber Scale, Jr./Sr. P-30, Jr./Sr. E-36, Junior 1/2A Classic Gas, Jr./Sr. HLG, Jr./Sr. CLG, Jr./Sr. Classic Towline.

Contest Directors: Don DeLoach, 719-964-7117, <ddeloach@comcast.net>; Chuck Etherington, 720-201-6218, <etherington.freeflight@outlook.com>. Visit <www.themmmclub.com>.

The Fine Print:

- FREE on-site tent/RV camping allowed, no water or hookups,
- One-site lunch Saturday and Sunday. Cash donations accepted. Bring your own lunch Monday.
- All events J-S-A combined unless noted.
- All events to current AMA, NFFS, FAC, FAI, and SAM rules unless otherwise noted.
- In combined events contestants may fly any/all events within the groupings for National Cup points and/or to better an existing score for RMFFC award purposes. For example, in C/D Gas Combo, you may fly separate flight strings with both C and D models. Only your best score of the two will count for RMFFC awards purposes; both scores count for NFFS National Cup points.
- HLG and CLG (AMA and OT) will be flown from a launch pen.
- Old Timer HLG/CLG: Best 3 flights of 9. Same flyoff rules as AMA CLG/HLG (90s max, one chance to max, keep flying until you drop a max).
- FAI events: 90-minute overlapping rounds starting at the top of each hour beginning at 8:00 a.m., weather permitting.

MAGNIFICENT MOUNTAIN MEN
COLORADO
FREE FLIGHT

Seven rounds of F1A-B-C/P-Q Saturday; five rounds of F1G-H-J-S Sunday. Flyoffs (if required): after 6 p.m. each evening or on the following morning.

• FAC *No-Blue-Max* Flying Horde open to any FAC model, scale or duration, non Blue Max holders only. Single round, winner gets a Kanone.

• Dawn Unlimited Rubber: Meet at 7:15 Sunday. Launch window: 7:30-7:40 a.m. Must wind and launch inside the 10-minute window, no max, timed to the ground. All AMA rules apply.

• Dawn Power: Meet at 7:15 a.m. Monday. 7:30-7:40 a.m. launch window. All power models fly together including FAI, Nos, AMA, SLOP, Electric. One attempt allowed for one flight with no max. Motor run will be 15 seconds unless weather dictates shortening.

• Dave Wineland's Gas Attack! $100 cash to the longest string of maxes in any regular RMFFC gas event including AMA, Nostalgia, SAM, FAI. Must follow [illegible]

[illegible] Grand Champion Trophy.

Glider, 2 of any. 5, 4, 3, 2, 1 points for 1st, 2nd, 3rd, 4th, 5th place. If only 4 for 3rd.Tiebreaker: Total points accrued in flyers' other events apart from

Hello Flyers,

WESTFAC Warm-up 2026 is on track for this October. Circle Oct 22 (open field for trimming), 23-24-25 on your calendars. We, once again have a special rate at the Goodyear Comfort Suites right in the midst of the tourist season……see the registration form and circle the events you are hot to enter in. Read the field notes as it answers a lot of potential questions too.

The theme is PROP JETS and the definition is: any aircraft that has a rear jet exhaust for thrust (including rocket power) that is rubber powered with a prop on the nose or tail. This would include such obvious "pure" jets like a Mig 15, Panther, Phantom and such. It also includes hybrids such as the Fireball, XF-84H, XF-88, Fireshark etc. as they have a rear exhaust. What is NOT in the definition is a "pure" turboprop such as the Gannet, Wyvern, Skyshark or any in which residual exhaust is ejected out of the side of the aircraft/nacelle.

This event really opens up a lot of great subjects from a straight-winged F-84 to a Cougar to a U-2. Canberra, anyone? There are a number of jet plans designed for Jetex that are easily modified and don't forget Mike Stuart's UK website too. This event will be a blast (oooooo…what a pun) There is both a mass launch and TOTF chance to show your stuff.

Going along with the jet theme we are having a Jet-Cat Mass Launch. Yes, and it should be another blast because we have not figured out all the flying rules and what is going to work. Such as: should we run it like a usual mass launch? will there be such a mass of fast little models in the air that we lose track of who is who? Should we break it down into groups of 3 and take the winners for a final fly-off? Who knows but it will be fun finding out!

While this off-year contest is normally just a Total Of Three Flights (TOTF) events, we will have a FAC Power Scale event with judging done at the HQ tent on Friday morning. It would be cool to have an electric prop jet show up for this event. In any case, look over the schedule and note that we are having a Seaplane and Scale Glider event too. This is going to be the year of innovation.

· As many of you have found out, the Hippocket Aeronautics website is no more, however, a replacement website titled simply HPA is set up along the same format. The fabulous old Plans Gallery is no more but the new one is being repopulated with plans from members collections. The new address is: https://hpa.aeromodelling.gr/index.php?action=forum Also, sadly, the Stick and Tissue website and it's great plans gallery is gone too. No word on it. I am really going to miss Tom Ackery's library of plans he produced.

As part of the HPA sign-up process, you are asked the what the oldest UK model magazine is and, for us colonialists, the answer is "Aeromodeller".

More to come,

Tom Arnold
