July- August, 2025

Bruce Foster found this little beauty on the edge of the turf field at Tuckahoe Turf Farm.

I must say he was most excited about it! This is the first flower he has ever found on a flying field. Compared to Coyle Airfield (Our first field) Tuckahoe is a garden.

Well! the 2025 edition of the Don Myers Memorial was thankfully the best weather this summer. Breezy but flyable. In attendance 15 contestants and 4 Causal flyers plus a few spectators, all seemed to have a good day. Some of the Wawayanda flyers were very impressed that we do not have ditches, and are planning on joining. I am hoping for a continuation of flyable weather to make up for the wind, rain and extreme heat that kept me from flying only twice so far this year!
