THE HANGAR PILOT

issue 3 october 1972

Published by Metropolitan Dade County Park and Recreation Department for the Miami Indoor Aircraft Model Association, President Dr. John Martin 3227 Darwin Street.

FIRST CONTEST OPENS INDOOR FLYING SEASON

October 15th is an historic date. It marks the day of the first Academy of Model Aeronautics sanctioned indoor contest in the state of Florida. And there are seven more to come! Due to fine publicity there was many spectators at the Youth Fair, filling our line of benches most of the day. 25 copies of our information brochure were passed out to potential hangar pilots. The new award ribbons featuring the M.I.A.M.A. seal in yellow and black affixed to blue, red, yellow and white P.& R. Department ribbons were greatly admired, and twenty-seven were awarded to winners in the first contest. Annual points were earned and a list appears elsewhere.

MORE AWARDS: Mike Arak donated 2 trophies to be given out next June to annual hi-point winners. Bill Northrop, Editor of the new magazine Model Builder (which features a peanut-scale full size plan in almost every issue) has given us a one year subscription to Model Builder (worth $6.50) to be awarded in each of our 8 contests. A very generous gesture. Won, this contest, by John Arthur for hi-time in hand launched glider.

*On November 12, Contest #2, the Model Builder will go to high-time in Easy B. Plan ahead - Our season - December 10, Janurary 14, February 11, March 18, April 15 May 20th.
