FLY IN situation is no better. The past two held on Monday nights were artistic successes, but the Youth Fair will be at the Fair grounds the next two months. We may have the site again on Mon.nights in April and May. Lets hear from you about this, and lets find some new sites.

RULES CLARIFICATION

At a "LUMS" club meeting we were reminded that unless qualifying flights are made in any event entered, no annual points will be awarded. ALSO,in Peanut scale, no static points will count toward final standings, without qualifying flight.

BRIEF REPORT ON MEET #3 DEC 19,1976

The holiday season cut down the entries at this meet, as it cut down the size of this issue of the PILOT. Nontheless we rejoiced to see a return to the fold of some of our wayward souls. In the last issue we noted the return of MIKE ARAK. He handed John ARTHUR his first defeat in Glider in a 'coon's age when he won HLG. Also Jim Rice turned up with a peanut Fike E.....(Anyone get the 3-views for that yet?) and entered. In the May 1975 PILOT both Mike and Jim had received the GOLD GARLIC award for not having been to a meet in two years. We are glad to see them back again. BILL HISCOCK won peanut with a DH-6 biplane that had 31 static points, a lot of that due to his method of covering with a very light, but realistic method. How about an article on covering techniques BILL, but forget the Scott Towel method. Heather Arak flew her hand launched glider which was an original design, and although it was not as good a flyer as she hoped it would be we hope she keeps trying.

HAPPY NEW YEAR, 1977, MIAMA !
