National Free Flight Society National Cup Champions

The ten NFFS National Cups (NC) for Outdoor Free Flight are intended to encourage travel to contest sites in the United States, Canada and Mexico. For each flier, the six highest scores earned in each model class during the calendar year are counted for the final total, but only two scores may be counted from the same flying site. Exemptions from the two-site rule (and may count for a seventh score) are: Southwest Regionals (January in Arizona), King Orange International (March in Florida), AMA Nationals (July/August in Indiana) and Rocky Mountain Championships (September in Colorado). A serious National Cup contender must fly in at least two home-field contests, and travel to as many as four out-of-town contests during a calendar year. The Cups are stored under glass at the AMA Museum and are awarded annually at the Outdoor Nationals.
